

Online Student Information

Following on from the launch of **'Easypayments Plus'** we are now opening up our student information system **'ePortal'** to Parents/Guardians. Tomorrow you will receive a text message from us with a unique username and password. Please go to www.goodcounselcollege.ie and click on the [ePortal link](#).

The following window should open. You might have to 'allow pop ups' in order for it to display. Key in the username and password you received. They are case sensitive and cannot be changed.

If you have a number of sons in the College you can select the relevant tab for each boy to view their individual details. The following information will display for your son.

1. **Personal Details:** This includes name, address, Date of Birth, parent details and contact details.
2. **Noticeboard:** From time to time information about school activities, exam timetables etc will be posted here. The Christmas Exam Timetable for 1st, 2nd & 5th years is currently available.
3. **Teaching Groups/Timetable:** You can see your son's daily or weekly schedule.
4. **Student Behaviour Events:** Where any positive or negative behaviour will be recorded by your son's teachers.
5. **Results:** You will be able to access all of your son's formal house exam results i.e. Christmas, Summer & Mocks.

It is our intention from the 2018/19 school year to only issue formal house exam results on this eportal system. We will, for 2018/19 only, offer parents the choice of a paper copy of results. Beyond this all results will be available on the eportal platform. More information to follow on this in 2018/19.

We encourage all parents to log on to ePortal regularly.

PASSWORD SECURITY

Remember any one who gets possession of your unique username and password will be in a position to access information about your son's academic progress in the College. It is your responsibility to keep this information in a safe secure place. Should you lose your log in details please contact us in the school on 051-421182 without delay.
