

1CN Geography Trip

Last Friday on the 16th of March, our class, 1CN went on a geography trip with Mr. Barron and Mr. Dwyer to the waterfall in Inistioge. We missed the first six classes of the day. We left at 9.00am and returned at around 1.20pm. Unfortunately we got back for a history test on Ancient Rome and Medieval Society.

When we first got off the bus, we did a bit of walking until we got to the waterfall. We saw features of the waterfall like the levees. Then, we walked up a bit of a hill to where a queen lived many years ago. After that, we went to Woodstock. We had to do a lot of walking to get there. When we walking there, we were watching the Champions League for the quarter-finals. Manchester City got Liverpool. When we finally got to Woodstock, those of us who brought a lunch, ate it but unfortunately I didn't bring any lunch. After we ate our lunch, we played in the playground for a while.

When we left Woodstock, we did another good bit of walking before we got the bus to bring us down to the shop in Inistioge. I got a drink and an Easter egg. It was the first time I had eaten all day so that's why I got an Easter egg and then went back in to get a bag of crisps. We sat outside a pub in Inistioge for a while talking while we ate or drank whatever we bought. After a while of being outside the pub, we got back on the bus to go back to the school. We got back to school around of break which was around 1.20pm. We were back for history, Spanish and Irish... unfortunately. I think it was a pretty good day-out in Inistioge and I thought it was nice to go on a geography trip with the rest of our class
